

The Performance, Reliability, Quality and Value You Asked For

Compact and IPX7 Submersible Body Withstands 1m depth of water for 30 minutes.

Powerful Front Mount Speaker Delivers loud and intelligible audio even in noisy maritime environments.

Class Leading Receiver Performance No compromise in operating fundamentals (75dB typical IMD and selectivity).

Large Easy-to-see LCD Large (W×H: 43×27mm) LCD shows essential information clearly with 4-step backlighting.

Other Features

- Accurate and reliable temperature compensated frequency stability
- Channel operation with the supplied hand microphone, HM-164B
- Instant-access button for Channel 16 and call channel
- · Priority scan and Normal scan
- · Built-in low voltage indicator
- Programmable private channels (subject to local regulations)

OPTIONS Some options may not be available in some countries. Please ask your dealer for details.
